The interested persons must be self-motivated, a team player, pro-active minded, excellent attention to detail and with passion for projects work. Reporting to the Projects Manager, the successful candidate will be responsible for the wholistic management of allocated projects and to support the USM Factory team in uplifting engineering and projects management standards.

### MINIMUM REQUIREMENTS

- Bachelor's Degree or equivalent in Mechanical or Electrical Engineering.
- 5 years' multidisciplinary Project Engineering experience in a heavy industrial environment.
- Good technical fault-finding / problem solving skills.
- Excellent interpersonal skills.
- Intermediate knowledge and experience in using Microsoft Office suite.
- Expert knowledge and extensive experience in using Microsoft Office Projects.
- A Government Certificate of Competency or Professional ECSA registration will be advantageous.
- Good understanding of sugar processing equipment and its maintenance will be advantageous.
- Successful completion of E.I.T. in manufacturing industry will be advantageous.

### KEY FOCUS AREAS

- Develops and manages projects as required to applicable standards in a cost-effective manner within agreed time constraints to the satisfaction of key customers.
- Ensures that design details comply with the companies' specifications as well as various engineering standards and legal requirements.
- Conduct investigations, develop solutions and prepare budget estimates to substantiate the capital project plan.
- Perform engineering design analysis and manage the services of external consultants, as required.
- Supporting Factory Management with project administration, including facilitating capital applications and tracking of approved capital budget allocations.
- Facilitate progress and cost tracking of the approved Factory project portfolio, providing roll-up reports and escalating risks to delivery or budget.
- Encourages a participative climate by involving internal customers in decisions that affect their objectives.
- Performs responsibly and professionally such that an atmosphere of confidence and trust in service allows for interdepartmental synergies to occur.
- 

Applications accompanied by a detailed C.V. and proof of qualifications to be addressed to the HR Practitioner through [careers@usm.co.za](mailto:careers@usm.co.za) on or before the closing date.

**CLOSING DATE FOR APPLICATIONS: 24 MAY 2024**

The appointment will be made in accordance with USM's EE Plan. Should you not receive any response within one month of this closing date, please consider your application unsuccessful. Umfolozi Sugar Mill (Pty) Ltd reserves the right to not make an appointment to the position as advertised.
